

Hi Ben,

Yes that is fine to do that.

I've costed up a weekly Detached session with 2 Youth Development workers (1.5 hours in duration) for a year excluding holidays (44 weeks). This comes to £4,900.

Of course, as we discussed, this may then lead on to other activities based on what the young people that we meet would like. This could either be instead of the detached session or in addition to it. Once we have established what this is we would need to amend the cost a little e.g. for venue hire, extra resources etc.

Just for your information we regularly have 10 - 15 young people from Trumpington Meadows attending our Thursday open access youth clubs each week. The clubs are held at Trumpington pavilion.

4.30 - 6.00, Younger Youth club (school years 6 - 8)

6.30 - 8.00, Older Youth club (school years 9+)

I hope this makes sense - do get back to me if you would like anything clarified.

Thanks

Jon
